

Bang Bang, Parody Seismology Version

Roan Batard, Ethan McQuaid, Margaux Anderson, Angelina Cosgrove.

Lyrics:

It may happen only once in a while,

But it could near you all the time.

We used to record it on our seismograph,

But now we can save it on our drive.

(Stop and wait, wait for that, stop, hold on, can you feel that)

See the earthquake could be bad you

You need a strong building to be safe.

Chorus:

Bang Bang, what's happening, the earth is shaking!

Bang Bang, what's happening, the earth is shaking!

Wait, till I check my seismometer,

Wait a minute till I check!

X2

I never learnt it in geography,

So I never got to graduate.

Please come over and talk to me,

Just come and tell me how the earth shakes!

(Stop and wait, wait for that, stop, hold on, can you feel that)

See the earthquake could be bad you

You need a strong building to be safe.

Chorus

The inner core, the outer core, the mantle and the crust, crust.

The plates colliding, plates colliding, plates colliding, oh, oh.

Volcanoes erupting, volcanoes erupting, volcanoes erupting, oh, oh.

Tsunamis occurring, tsunamis occurring, tsunamis occurring, oh, oh.

It's me Margie and Ethie

if they test me there sorry

Bang Bang, what's happening, the earth is shaking?

Bang Bang, what's happening, the earth is shaking?

Wait, till I check my seismometer,

Wait a minute till I check

Bang Bang, what's happening, the earth is shaking!

Bang Bang, what's happening, the earth is shaking!

Wait, till I check my seismometer,

Wait a minute till I check

Bang Bang, what's happening, the earth is shaking!

Bang Bang, what's happening, the earth is shaking!

Bang, bang, bang, ba-bang, bang

Bang, bang, bang, ba-bang, bang

Bang, Bang, it's happening the earth is shaking!

Bang, Bang, it's happening the earth is shaking!
